

May 13, 1987

TO: All Math and Computer Science Faculty

The responses to the plans to honor Murray resulted in a tie!

Therefore, the committee (Glenn and Tom) has decided to choose ..... a lectureship, to be given annually and to be known as ...

The Abramson Colloquium.

We need a target of at least \$5000 to enable us to spend only the interest earned annually.

An account will be set up through the Alumni Relations Office and a name established for check-writing purposes by this Friday, May 17, 1987.

You will be informed as soon as possible.

Tom
