

Educational Resource Center -- Maxwell Library -- Bridgewater State University

How to Find a Test Review

1. Select a test to review

To find a test that is **owned** by the Educational Resource Center:

- a. Use the resource guide, *Standardized Test Holdings* (linked on the <https://library.bridgew.edu/erc/resources> page), to look up tests by subject.
- b. Use our online catalog (<https://bridgew.bywatersolutions.com>), to look up tests by author, title or subject. (This is the most accurate and up-to-date method.)

To find test titles, whether owned by the ERC or not, use *Mental Measurements Yearbook with Tests in Print* (aka *MMY*), an online database (see #2 below).

2. Maxwell Library has an **online** subscription to *Mental Measurements Yearbook with Tests in Print* (MMY), which you may use to look up tests and test reviews. Go to our alphabetical listing of databases at <https://library.bridgew.edu/az.php>. Click on the “M” tab then scroll to and select *Mental Measurements Yearbook with Tests in Print* (you’ll be prompted to enter your BSU username and password before the database will open).

Note: not all tests owned by the ERC are mentioned or reviewed in *MMY*; some tests may have only basic information listed, but no review.

3. If you cannot find your test listed in *MMY*:

- a. You can search one of our many online databases for articles that have been written about a test. Try *ERIC*, *Education Research Complete*, *PsychInfo*, or one of our other databases. (Go to our alphabetical listing of databases at <https://library.bridgew.edu/az.php> to find and search these resources.)
- b. Try looking in one of the other sources available in the ERC, such as the 10-volume set, *Test Critiques*, the one-volume *Guide to 100 Tests for Special Education*, or *Tests: A Comprehensive Reference for Assessments in Psychology, Education, and Business* (although the latter does not review tests). All of these sources are in the ERC Reference collection.

4. Use one of our **MaxGuides** (subject guides) for additional information:

- a. Tests and Measures (<https://library.bridgew.edu/guides/testsandmeasures>)
- b. Counselor Education (<https://library.bridgew.edu/guides/counselored>)
- c. Education (K-12 and Higher Ed) (<https://library.bridgew.edu/guides/k12education>)

*****Tests in the ERC have restricted access and may not be taken out of the ERC, nor may they be administered or photocopied*****
